Dear Parent/Guardian:

Chisago County Public Health is holding 6 public vaccination clinics this January for the H1N1 influenza vaccine. These clinics are open to **ALL** Chisago County residents. **There is no cost to you for this vaccine.**

Please note: children 6 months to 9 years of age need two doses of vaccine spaced 3 - 4 weeks (21-28 days) apart. If you are bringing a child to a clinic for their second dose, you may bring them to any of the six locations.

You will fill out a consent form at the time of the clinic. *If someone other than the parent or guardian will be bringing your child, a written permission slip including allergies & chronic conditions must accompany the adult bringing the child.*

**CHISAGO COUNTY PUBLIC HEALTH

Middle School and High School Parents: *It has been reported that some children at the Middle School and High School clinics may not have received a vaccination even when the parent sent the consent form with the child on the day of the clinic. If you would like to confirm whether your middle school or high school student received the vaccination, please call Chisago County Public Health.*

In the meantime, there are things you can do to stay healthy:

Get Vaccinated.

Wash your hands.

Cover your cough!

Stay home when sick.
